

STAINLESS STEEL EQUAL LEG ANGLES

Penn Stainless Products supplies stainless equal leg angles in 304/304L and 316/316L. Larger equal leg stainless angles can be manufactured utilizing laser fusion technology. Laser fused equal leg stainless angles can be produced to your exact specifications. Laser fused technology also enables engineers and metal buyers to mix thickness or even material grades. Laser fused equal leg angles can also be supplied in Duplex 2205 and lean Duplex 2201. All equal leg angles can be cut to size. Stainless equal leg angles can be supplied with a polished finish. Contact a sales associate for details.

20-22 Ft. R/L
 Specs: QQS-ASTM-ASME-AMS
 In grades 304, 304L, 316, 316L
 Annealed and Pickled
